*Standard Provident terms and conditions apply. Please make sure that whoever you recommend is happy for you to pass on their details to us. You must be a current Provident customer. Your friend must take a loan for a minimum of £100. To recommend a friend, enter their details in the box along with your own details and hand the leaflet to your Agent. Unfortunately that friend can't be part of a household that is already borrowing from Provident or a previous customer in the last 12 months. Neither you nor the friend you recommend can be an Agent or a relative of an Agent. To qualify for your reward your friend must take out a loan product and become a new Provident customer.
